## PREP SECTION

### CLASS I: SUMMER WORK PLAN 2022

Dear Parents,

Greetings from MGD!!

You have done an amazing job as a Parent during the Pandemic.

Summer Break is the time to relax and rejuvenate. While the entire world is standing together in recovering from the pandemic, we will have to make sure that our little girlies are least affected from panic and appreciate their efforts of getting up daily and carrying on despite all that happened around.

Here are some interesting ways in which you can engage yourself and your kids during this SUMMER BREAK.

We are sharing with you a few activities that will help you in optimizing this time and nurture their creativity.

So here goes:

**Dancing is not only Fun, but is also Good for Fitness too.**

**"True enjoyment comes from activity of the mind and exercise of the body; the two are ever united."**

Dancing has a way of taking your blues away. It doesn't matter if it's the Electric Slide, the Macarena or your own crazy moves. Who hasn't gotten lost in an upbeat song as we jump around? But not only does dance feel good to the soul, dancing also has some major health perks.

Check out these links and enjoy!!! Have a Dance Party!

## LISTENING IS FUN!!

“

*You can find Magic wherever You Look, Sit back and Relax, all you need is a Book.” - Dr Seuso*

### TASK: MY FIRST STORY REVIEW

Listening skills is one of the main and first tools in a child's language learning. This amazing tool will not only develop the habit of listening but will also enhance the children's creativity by giving wings to their imagination.

1. Click on the Audio story link below and open the PDF file.
2. From the bookshelf, click on any story that you would like to hear.
3. Listen to at least one story out of the list of e-books given below.

**Link:** [AUDIO STORIES](#)  
(Click to follow the link)

Complete the given Story Review worksheet after listening to your favourite story from the book shelf, by reading a pdf of the books attached above or any book of your choice.

**Link:** [STORY REVIEW](#)  
(Click to follow the link)

**Note:** Take a print out of the worksheet on an A4 sheet and do the work. Paste it in your scrap book for submission.

## EVS

### FIVE SENSES SCAVENGER HUNT

*Equipped with his five senses, man explores the universe around him and calls it adventure science- Edwin Powell Hubble*

#### TASK: SCAVENGER HUNT WORKSHEET

Let us have some fun by putting our five senses to the test with an interesting scavenger hunt that can be played at home. Parents can give clues to their child to find an item by giving creative clues based on basic household items. "I am a whistleblower, but you will never find me on a road because I am the one your kitchen needs the most."

Keep exploring your child's inquisitive mind by throwing similar challenges from time to time.

**Note:** Take a print out of the worksheet on an A4 sheet and do the work. Paste it in your scrap book for submission.

## MATHEMATICS

### NUMBERS ALL AROUND

#### TASK: INVESTIGATE AND SOLVE

Numbers are all around us. From a clock to a calendar or a cereal box. Children can explore various things or places in their house itself where they can find numbers. Let's dive deep into the world of numbers with these practise worksheets.

Mathematics is all about practice, practice and practice. Help your child practice and complete the worksheets given.
