PREP SECTION

CLASS IV: SUMMER WORK PLAN 2022

Dear Parents,

Greetings from MGD!!

You have done an amazing job as a Parent during the Pandemic.

Summer Break is the time to relax and rejuvenate. While the entire world is standing together in recovering from the pandemic, we will have to make sure that our little girlies are least affected from panic and appreciate their efforts of getting up daily and carrying on despite all that happened around.

Here are some interesting ways in which you can engage yourself and your kids during this SUMMER BREAK.

We are sharing with you a few activities that will help you in optimizing this time and nurture their creativity.

So here goes:

Dancing is not only Fun, but is also good for Fitness too.

"True enjoyment comes from activity of the mind and exercise of the body; the two are ever united."

Dancing has a way of taking your blues away. It doesn't matter if it's the Electric Slide, the Macarena or your own crazy moves. Who hasn't gotten lost in an upbeat song as we jump around? But not only does dance feel good to the soul, dancing also has some major health perks.

Check out these links and enjoy!!! Have a Dance Party!

Here are some interesting ways in which you can engage yourself and your kids during this SUMMER BREAK.

We are going to share with you a few activities that will help you in optimizing this time and nurture their creativity.

- **Encourage them to lend a helping hand** in household chores like preparing meals, setting the table, cleaning up after meals, tidying up the house etc.

- **Play games like 'I Spy' and 'Dumb Charades'**. Ask questions related to things hidden in and around the room like 'I spy with my little eye something that has three blades on it.'

- **Nurture the gift of imagination:** Give old and reusable stuff like cartons, envelopes, cards, glue, newspaper and ask the child to create something. Once done, encourage them to speak about their creation.

- **Encourage your children to maintain a daily diary** as it helps them to speak their minds. Tell the children that every day before bedtime, they can either draw or write about at least one thing that happened that day, an incident that they would like to remember.

- **Have an indoor family picnic/camping party.** Use pillows, cushions, bedsheets to give it an outdoor picnic feel. Serve food items that the children relish, play board games like ludo, monopoly, carrom etc. Don't miss the unending happiness on the children's faces.

- **Positive Reinforcement:** I can't do that yet. But if I keep on trying, I will. The child can maintain a 'Now I Can' notebook to jot down things that he learnt to do in this time period.

- **Have a family meeting** and decide which times in your house will be "official gadget free time". Developing a hobby is a great way of weaning children off screens and gadgets.

INSTRUCTIONS:

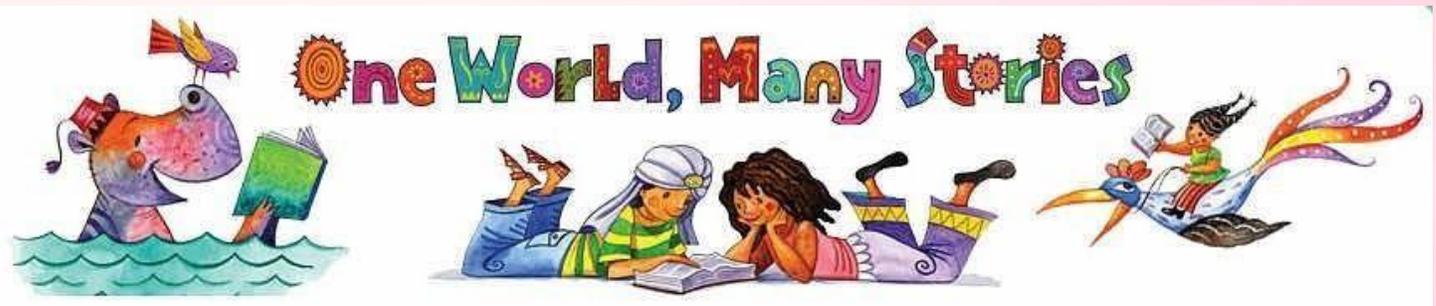

- Take a print out of the worksheet on an A4 sheet and do the work. Paste it in your scrap book for submission
- Assist in managing your child's work. Avoid keeping everything for the last moment.
- You are requested to encourage your child to do the work independently.
- You can support the child if he/she needs help.
- Creativity and originality of the work will be appreciated.
- Read the instructions given for each topic carefully.

ENGLISH

READING IS FUN

“Books are the quietest and the most constant friends; they are the most accessible and wisest of counsellors and the most patient of teachers.”

Reading a good book is the most enjoyable and enriching experience one can have.

TASK 1: READ A BOOK

Choose at least a book, read it during these vacations.

TASK 2: BOOK REVIEW

Complete the Book Review worksheet after reading it.

LINK: [WORKSHEET: BOOK REVIEW](#)

Suggested Authors: a. Roald Dahl b. Enid Blyton
c. Ruskin Bond d. Judy Blume e. E.B. White

EVS

DRINKING CANDLE EXPERIMENT

“We keep moving forward opening new doors & doing new things because we’re curious and curiosity keeps leading us down a new path.”

TASK 1: Why Does Water Rise?

Sometimes candles need a drink too!!

A candle and some rising coloured water reveals the hidden property of air that surrounds you all the time. Watch closely and use everything you know about air

pressure differences to explain the mystery of the rising water.

Watch the video under parental guidance.

TASK 2: FOLLOW-UP WORKSHEET

Complete the “ I am a Scientist ” worksheet. Ask an adult for help using the lighter or matches.

LINK: [WORKSHEET: I AM A SCIENTIST](#)

Note: Take a print out of the worksheet on an A4 sheet and do the work.

Paste it in your Scrap Book for submission.

MATHS

ACTIVITIES: PUZZLES AND QUIZZES

Mathematics may not teach us how to add love or minus hate. But it gives us every reason to hope that every problem has a solution

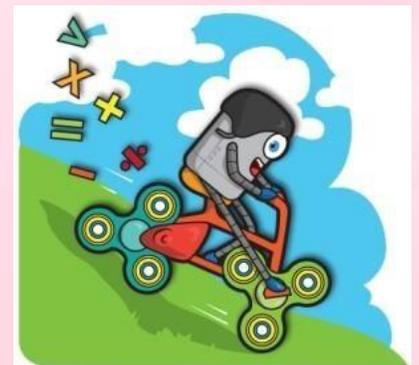

TASK 1: PUZZLE & RIDDLES

Math is part of children’s everyday lives. Each math moment is like a charging station that helps children become ready for more math learning. Puzzles and Riddles helps a lot in improving concentration and to boost our mental abilities. Put on your thinking cap and solve the given puzzles.

Note: Take a print out of the worksheet on an A4 sheet and do the work.

Paste it in your Scrap Book for submission.

HINDI

क्रियाकलाप: मेरी तरोताज़ा रेसिपी

“शिक्षा और मेहनत एक ऐसी सुनहरी चाबी होती है, जो बंद भाग्य के दरवाज़े बहुत आसानी से खोल देती है।”

गर्मियों के दिनों में अपने आप को तरोताज़ा रखने के लिए समय - समय पर पानी पीना ज़रूरी है। गर्मी में अधिक पसीना बहने के कारण कई ज़रूरी खनिज लवण(मिनरल) हमारे शरीर से निकल जाते हैं। पानी से हम इन मिनरल्स की पूर्ति कर सकते हैं। लेमोनेड (शिकंजवी) , आमपन्ना , सत्तू आदि पीने में भी अच्छे लगते हैं और शरीर में जल की कमी को भी पूरा करते हैं। तो आइए इन गर्मियों की छुट्टियों में अपनी माताजी के साथ अपना अपना कोई मनपसंद पेय पदार्थ बनाइए और सपरिवार उस पेय पदार्थ का आनंद लीजिए प्यारे बच्चों ! आपका अपनी मनपसंद रेसिपी बनाने का अनुभव कैसा रहा ? दी गई वर्कशीट में लिखिए।
