17th Dec '20

Dear Parents,

After nine long months of wait, the conversation has switched from despair to hope. The countdown for year 2020 has commenced along with a near solution to COVID-19. We all are looking forward to a brighter 2021 with great anticipation.

As a school we have been following everything which falls within the ambit and directions of the Govt and Law. While certain decisions on the face value concerning schools are time consuming and environment is in state of dilemma to follow, the wheel of time for our girls' academic session doesn't stop as learning is a continuous process and so is imparting knowledge.

I have been updating you all from time to time regarding the academic curriculum and efforts being put in by our teachers to ensure quality online teaching. You all will bear with us that everyone who is working at the school is putting in extraordinary hard work. Hence, they look forward to a well-deserved salary at the end to run their respective homes.

We are so grateful to all our parents who have been supporting us towards this cause in depositing the first fee instalment voluntarily in time, as per the court orders of Sep 2020 and we look forward to their continuous support in reaffirming our belief.

It is a request to all to come forward and be the strength of the school in depositing the second instalment of tuition fee as per our school notification based on the first court orders by end of the month of December, 2020 .

We assure you that we will follow the guidelines as per the Govt advisory and the court orders in every respect for any decision given in future. I assure you that the final decision whatever may be, we will stand by our Parents.

With warm wishes and regards

Sincerely

Archana S Mankotia
