5<sup>th</sup> Dec '20

Dear Parents

Greetings from MGD!!

I am sure your daughters are gearing up well to take on the next assessment test scheduled in Dec 2020. Our Academic Team has been working relentlessly to ensure quality and timely dissemination of knowledge and learning to each one. We are committed to ensure that the girls don't lag behind in any of the field they would step on in future.

Parent feedback during the recent PTM has been deeply satisfying with most of you expressing appreciation for the online classes and applauding the teachers for their sincere efforts. While some of you sent congratulatory messages on WhatsApp, others have sent email eloquently praising the teachers. We have also taken cognisance of your suggestions and concerns related to the curriculum. I am extremely thankful for your encouragement.

I would reiterate that continuity in imparting education of our girls is the solemn responsibility of the **School** as well as the **Parents**. While I assure you that our school will never leave any void in taking the best foot forward, I would urge **every parent** to render their unconditional support in functioning of the school under the demanding difficulties being faced due the Pandemic.

Warm regards and best wishes

Archana S Mankotia

Principal, MGD
